Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Josh:

We have put you down for the week of Nov. 2nd for your lectures to the course on the Genetics of Microorganisms. Is this date OK. I will send along an outline of the course shortly, but we must first clear dates.

Will you be in Washington? If so I can discuss the course a bit more with you there.

With best regards, I am

Dave
